Virginia Beach, Virginia 23471

Dear Mr. Boyles:

This letter is in regard to your request for a public hearing concerning the City of Virginia Beach's request to modify its Individual Permit authorizing the construction of the Lesner Bridge. Specifically, the City has requested to allow a temporary wharf to remain in place.

I have given careful consideration to all information received and the material matters at issue in this modification request. After a thorough review of our extensive project record as well as comments received, I have determined that a public hearing would not likely result in substantive new information relevant to our authorities and the required analysis. Therefore, a public hearing will not be held. Your comment letter and all information provided during the public notice period have been made a part of the administrative record.

It is my duty to balance the benefits of the proposed work against any foreseen detriments. I remain committed to providing accurate, transparent, and consistent regulatory decisions. If you have any further questions or concerns about the City's request, please contact Ms. Scharlene Floyd by telephone at (757) 201-7367 or via email at [scharlene.a.floyd@usace.army.mil](mailto:scharlene.a.floyd@usace.army.mil)

Sincerely,

A handwritten signature in black ink, appearing to read "Patrick V. Kinsman".

Patrick V. Kinsman, PMP  
Colonel, U.S. Army
